Ask Our Nutritionist

Q. I don't sleep as well as I used to and am looking for a natural remedy to help me.

A. Sleep problems can occur with stress, anxiety, jet lag, various work shifts and menopause.

Feel-Rite Fresh Markets is featuring Natural Factors Tranquil Sleep on sale this month. It can be a very helpful supplement for you that contains only natural ingredients. It contains 5 HTP which is an amino acid that is used in our bodies to produce serotonin, sometimes referred to as the "happy chemical" which reduces anxiety and promotes sleep. Another ingredient is theanine, an amino acid, which is a naturally occurring relaxant found in green and black teas. Also included in this formula is melatonin, a hormone produced in our bodies, which can vary and affect our sleep cycles. It decreases excitatory brain chemicals and causes relaxation so that we can get to sleep faster and sleep more soundly.

In addition to Tranquil Sleep we carry many other quality formulas that assist with the issue of sleepless nights. Some of our favorites are by Life Seasons, Gaia, Himalaya and Garden of Life.

Visit any of our 5 locations throughout Western New York to ask our knowledgeable staff more about these products.

Stop in or call your nearest store location to schedule a consultation with our Nutritionist, Linda Griffin.
