Ask Our Nutritionist

Q. I would like to learn more about electrolytes.

A. In hot weather, it's essential to stay hydrated not just with water, but also with minerals that we lose through increased sweating especially when participating in sports and other activities.

Potassium citrate and sodium citrate are particularly important for our heart, kidneys, brain, nerves, and muscles. These electrolytes help maintain a balance of acidity and alkalinity in the body, contributing to a neutral pH.

Feel Rite Fresh Markets offers several brands of electrolytes in various flavors. Options such as Ultima, Trace Minerals Zero Lyte, Liquid IV, Power Pak, and Superieur are available in convenient stick packs and individual packets. All these products are gluten-free, non-GMO, and Vegan.

Visit any one of our 5 Feel Rite Fresh Market locations to speak to one of our knowledgeable staff members for more information and assistance.

Stop in or call your nearest Feel Rite Fresh Market to schedule a consultation with our Nutritionist, Linda Griffin.
