ASK OUR NUTRITIONIST

Q. I have been hearing about tallow. Can you tell me more about its uses?

A. Tallow is rendered fat from beef, and it has been used for cooking since before the production of seed oils. It is rich in fatty acids and contains a high amount of saturated fat, so it should be used in moderation.

Tallow is most commonly used in skincare. It can be applied to both the face and body and serves as an effective daily moisturizer for excessively dry skin and conditions like eczema.

Feel Rite carries a variety of tallow creams from Tallow Me Pretty Skincare Co. These include Unscented Cloud Cream, Ageless Cloud Cream, Restore Cloud Cream, Tallow and Honey Balm, Gentle Cloud Cream, Lavender Cloud Cream and Tallow Rescue

Balm. Their tallow is sourced from grass fed beef and is made using only suet through a low temperature, dry rendering process. This method helps retain the nutrient profile. All products are made in the USA from sustainable farms. We also offer a locally produced Tallow Soap Bar made by Moriarity Meats.
